

# Duropac

food packaging specialist

The largest inventory of vacuum pouches in Canada

*and much more!*

## DURO-GUARD

The Polypropylene DURO-GUARD is manufactured at very intense heat, which assures that it is completely sterile. A product on the cutting edge of technology.

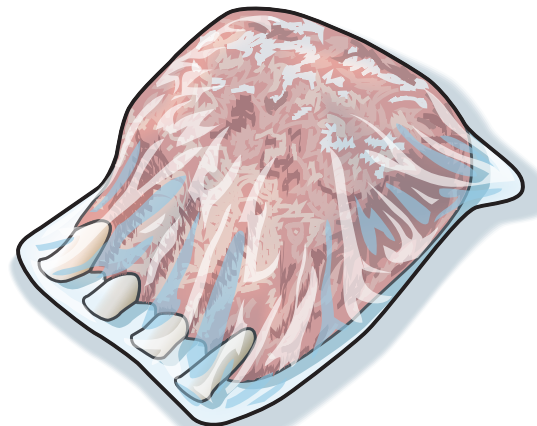

DURO-GUARD is perfectly white, giving your products an impeccable appearance! Your clients will buy with confidence! All our products are CFIA and USDA approved. Give us a try! Satisfaction guaranteed or your money back.

### The Standard

Available in 300 feet rolls, 9 or 18 inches, parafin coated for maximum protection.

## The bone guard

Does your vacuum pouch puncture when you package bone-in meat? By applying our "DURO-GUARD" to critical areas, you will eliminate the lost of vacuum, and more importantly the lost of your product.

# NEW

***Now available in sheets, parafin free and cut to meet your needs***

- ★ More economic
- ★ No time lost cutting sheets
- ★ Uniform size - no more waste with off standard sizes
